EXPERIENCE

Freelance, San Diego, Ca — Software Engineer Nov 2017 - Current

- Freelance Web Development for Small to medium-sized businesses
- Creates and maintains Shopify stores with proven increased sales and conversions through SEO and online campaigns of 25% margins.
- Html Email campaigns that increase open rate and click-through rates 15% and more.
- WordPress solutions for Local artists, i.e., Violet Kush, to help build their brands.
- Has worked with nonprofits, i.e., Awakening Giants, to set up their online presence and streamline donation and online workflows to have more time to help the community.
- MailChimp Wagtail Integration — Open Source Contribution Wagtail Plugin to send MailChimp campaigns from the wagtail dashboard.
I created this app from scratch using the MailChimp API.
This project is under development and will release as a free pip package.
